

Thomas Christian, *Pargys Caillit* (1796)

edited by

Max W. Wheeler

The text is that of the first edition (1796), with a few annotations ‘[sic]’ or ‘[i.e.]’, and correction of obvious typographical errors, indicated in italics. The line numbering is that of Thomson’s 1995¹ edition, which is based on the 1796 print, with the addition of eleven lines omitted in both earlier printed editions² and restored by Thomson from a manuscript copy (here between [], as are occasional words omitted from the 1796 edition, and restored by Thomson from the manuscript). The pagination in the present edition copies that of the 1796 edition.
